

La Tordera

Prosecco Doc Treviso Spumante Extra Dry - Alnè

Fruity sparkling wine, strong, with a touch of flowers.

We get this wine with a fruity and strong aroma, typical of clayey soil, from the grapes picked and selected from the vineyard of Alnè.

The environmental nature of this place with its natural spring is the cause of a microclimate and a soil that are very particular for the vine growing. The name itself of this place derives from the Celtic suffix "Al Han" that means "close to the water".
